HIP HOP TO REGGAETON. HOUSE TO DEMBOW. ONE OF ONE.

Coming from humble grounds, DJ Flipstar has evolved effortlessly as his versatility allows him to stimulate any crowd while fusing all genres of music from Hip Hop to Reggaeton. The Dominican Republic native, DJ Flipstar, has advanced immensely in the music business, from mixing records in house parties at the tender age of 14 to manipulating the technicalities and effects of the turntables in the hottest clubs of New York City.

They call him the Hit Magnet DJ. He carried Messiah El Artista's Era Tiempo mixtapes and the Si Ta Bien breakout that Remezcla wrote up, put in weekends on Power 105.1, and became the name the Latino community books first, from club residencies to around one hundred shows a month at his peak. By 2022 the press had him opening for Rauw Alejandro and booked onto the opening set of Bad Bunny's El Ultimo Tour del Mundo run.

2026 made it global: featured on the bill of the Anuel AA Summer Europe Tour across fourteen dates in five countries, opening for Cardi B at a sold-out Madison Square Garden, and dropping a new House Portal remix every week in between.

“THE DJ DRAMA OF THIS SHIT.”
